

How to Update Team's Lineup Order in CL Team Pages:

Step 1: Login to your Club Locker account: <https://ussquash.clublocker.com/login?&tokenInvalid=1>

Step 2: Go to your team's page from the CSA League: <https://clublocker.com/leagues/1623/home>

Step 3: Navigate to the "Roster" section on your team's page.

Step 4: Click the blue "Manage Player" next to each player and assign a "position" in the pop-up window.

Step 5: Apply

Step 6: Repeat for all players on the roster.

Additional Notes:

- At a minimum, each team should have players assigned to the 1-10 positions.
- If your team has more than 10 players, you can assign up to 20 different players with a unique ladder position.
 - Do not use the D, S, or negative numbers which appear in the drop down.
- Sequential numbers should be used (do not skip number).
- Duplicate numbers should be avoided (two different players should not be assigned the same ladder position).
